"creating a community of communities"

Community Fund - Overview

DUE OCTOBER 24, 2025

- Goal: To support bold, connective, and cross-cutting efforts that build bridges across communities at Parnassus
- Intended Audience: Any member of the Parnassus Institutes
- Requirements: Must include at least **3** Parnassus Institutes
  - Priority will be given to projects that include Sponsoring Institutes*
- Grant Amounts: $1,000 – $5,000
- Sponsors*:
  - ImmunoX, Benioff Center for Microbiome Medicine, Institute for Human Genetics, Stem Cell Center, Diabetes Center at UCSF, UCSF Musculoskeletal Center

Community Fund - Examples

We're open to various formats for collaborative programs and events. Examples include but are not limited to:

- Interdisciplinary, cross-institute events, programs, or initiatives
- Campus-wide art, wellness, or movement-based experiences
- Communications campaigns, storytelling sessions, or public engagement efforts
- Initiatives that foster a more inclusive environment by broadening participation and representation
- Experiments in co-leadership, shared governance, or mentorship across ranks
- Collaborative exhibits, zines, or oral history projects rooted in Parnassus
- Outreach that engages the broader San Francisco community and create bridges between UCSF and the public

Library Outreach Example

Institutes: BCMM, IHG, Diabetes Center, BARI
Goal: To share scientific knowledge. To build and maintain trust between UCSF and local families
Plan: Faculty rotation hosting small reading circles at libraries at local libraries.
Costs: $2900 - books, kids lab materials, snacks

Grant Matchmaking Example

Institutes: CoLabs, HIVE, ImmunoX, iMicro, BARI, Stem Cell Center
Goal: To match cross-disciplinary faculty for future NIH grant submissions
Plan: A series of events that will allow faculty to interact and pair up. Consists of social hours, workshops, group sessions with grant writers
Costs: $5,000 - refreshments, materials, grant writers
